# CALENDAR INFORMATION

Raising the level of specialization through technical training  
courses for a wide range of industries

# Get the latest information about the developments in your field of activity and the regulations in force.

Our lecturers have the necessary experience through our training programs to ensure specialized and effective training. Our courses will help you create the right conditions to increase profitability and recognition in the profile market and be more competitive.

We Offer:

- **Open courses:** a varied program of specialized training courses.
- **Personalized training:** Courses within the company adapted to customers' specific needs.

Intertek academy courses will help you understand, implement, and improve business practices and processes to ensure continuous improvement of your organization's management systems. Our global network of experienced educators and auditors allows Intertek Academy courses to be taught globally.

Intertek is a leading Total Quality Assurance provider to industries worldwide. Our network of more than 1,000 laboratories and offices and over 40,000 people in more than 100 countries delivers innovative and bespoke Assurance, Testing, Inspection, and Certification solutions for our customers' operations and supply chains.

#### Why Intertek Academy?

Our training courses will help you raise your level of specialization and provide insight into the market's regulatory requirements and current business processes.

Intertek Academy's expert training programmes are designed for all knowledge levels. Whether you need to know more about a standard to better prepare for your upcoming audits or would like to become an auditor, we have a training program that is right for you!

Training programs are aimed at different disciplines and designed using methodologies (accelerated learning skills) and themes appropriate to each sector's requirements and objectives.

#### Course Location

Most of our courses are conducted at Intertek locations and centers of excellence in the UAE.

The courses provide all the necessary documentation on the relevant topics, case studies, and additional materials to ensure a comprehensive understanding of the concepts being presented.

Upon registration, participants will receive the contact details and exact location at least 15 days before the course commences.

Typically, the courses last from 1 to 5 days, running from 9:00 to 17:00 and including lunch and coffee breaks. Courses that are half-day long run from 9:00 to 14:00 and include a coffee break.

We also offer the option of organizing "In-House" courses upon request. This allows for tailored training courses focusing on topics of particular interest to your company.

#### How to join a course?

To participate in our courses, complete the registration form at the end of this catalog.
